WEBSITE**

Welcome to Shelter Island!

On behalf of the Shelter Island Chamber of Commerce, our Board of Directors and business community, I am pleased to welcome you to Shelter Island. Whether you are visiting for the day or looking to purchase a home here, Shelter Island offers many options and opportunities. Settled in 1652, Shelter Island has a rich and proud history. About 90 miles east of New York City, it was originally known as Manhansack-aha-quash-awamock “an island sheltered by islands,” and was the home to the Manhansett Indians. Surrounded by water and “nestled” in between the north and south forks of Long Island, our very special community is peaceful, protected and bountiful. Nearly one-third of this 8,000 acre island is owned and preserved by The Nature Conservancy. Ferries provide transportation service to Shelter Island from Greenport to the north and North Haven to the south.

This guide will introduce you to Shelter Island, its limitless natural treasures, and our member businesses that serve its residents and guests. We invite you to explore our history, natural preserves, beaches, hotels, restaurants, stores and churches. Throughout the year there are musical, cultural and other events to be enjoyed by families and visitors of all ages and interests.

Our website offers additional information about our community, members and opportunities for visitors. Please visit us at www.shelterislandchamber.org.

Careful zoning and governance has preserved much of the Island’s rural character. As you explore our community, please be mindful of its tranquility and fragile environment. Our natural beauty and peacefulness brings our visitors back time and again.

Sincerely,

Linda Eklund
President

Shelter Island Chamber of Commerce

The Shelter Island Chamber of Commerce is a long standing not-for-profit entity serving the local business community of Shelter Island, New York.

Build the local economy

The Chamber plays an important role in the economic development of Shelter Island. Our efforts have improved the business climate.

Rev up local business visibility

We publish a visitor’s guide and membership listing which is distributed to visitors and member customers. Also, we maintain a website that provides extensive information about Shelter Island to interested visitors, including places to eat, play, rest and shop.

Expand business networking

Chamber meetings and other co-sponsored events provide wonderful platforms to meet, network and build important business relationships.

Advocate for business

We are the only Shelter Island organization that advocates for the entire business community and works to maintain a healthy business climate. We urge our members to participate in creating a strong alliance with our town officials and government.

MASHOMACK PRESERVE

Edged by 11 miles of coastline, The Nature Conservancy's Mashomack Preserve on Shelter Island is considered one of the richest habitats in the Northeast. Just 90 miles from New York City, the preserve covers nearly a third of the island with 2,350 acres of interlacing tidal creeks, mature oak woodlands, fields, and freshwater marshes and contains over 10 miles of hiking trails. Visit [Nature.org/Mashomack](https://www.nature.org/Mashomack) to check hours, download a trail map and learn about guided hikes and nature programs. Please note pets and bicycles are not allowed.

MAPS AND TRAILS

OPEN SPACE TOWN TRAIL MAP

This map is provided by the Town of Shelter Island for the benefit of our community and Island visitors. It is the Town's goal to protect the natural heritage of Shelter Island. The Town encourages respectful public access to these treasured resources of woods, meadows, creeks, ponds, beaches and wildlife.

THE COECLES HARBOR MARINE WATER TRAIL MAP

Located within the nationally significant Peconic Estuary of Long Island, a region The Nature Conservancy has declared "A Last Great Place". Coecles Harbor is a unique area, surrounded by many protected lands and undeveloped shorelines. This intimate corner offers the chance to quietly relate to nature.

SYLVESTER MANOR EDUCATIONAL FARM

Once a Native American hunting, fishing and farming ground, Sylvester Manor has since 1652 been home to eleven generations of its original European settler family. It reflects a remarkably intact history of America's evolving tastes, economies and landscapes.

Over time, the place has been transformed from a slaveholding provisioning plantation to an Enlightenment-era farm, then to a pioneering food industrialist's estate and today to an organic educational farm responsive to, and supported by, our neighbors and friends worldwide. The nonprofit organization is open to all and includes a historic plantation and Manor House, vibrant arts and education programs, an 1810 Dominy Windmill, and a seasonal Farmstand.

Visitors are invited to walk the trails, which are open seven days a week, sunrise to sunset. Leashed dogs are allowed; bicycles and motorized vehicles are prohibited on walking trails. Check the website at www.sylvestermanor.org for more information on farmstand hours, summer youth program, family programs and self-guided walking tours.

THE PERLMAN MUSIC PROGRAM

Founded by Toby and Itzhak Perlman in 1994, The Perlman Music Program (PMP) offers unparalleled musical training to young string players of rare and special talent. With a world-class faculty led by Itzhak Perlman and a signature summer program on Shelter Island, PMP is developing the future leaders of classical music within a nurturing and supportive community.

Young musicians of talent need support. Left alone with their gift, without the instruction and mentoring that helps them thrive, even the most exceptional young artists will struggle. Supporting the next generation of world-class musicians drives us to do what we do at PMP - we nurture and develop early promise into a full-fledged musical voice.
